PROFILE

A proactive and logical Computer Science student with a proven ability to troubleshoot, debug, and optimize systems. Skilled in Java, SQL, and full-stack web development, with hands-on experience configuring environments with Git and Eclipse. Seeking to apply strong analytical and problem-solving skills to a software development internship or student IT role.

TECHNICAL EXPERIENCE & PROJECTS

Full-Stack Web Application | University Group Project

PHP, HTML, CSS, SQL, Git, GitHub

- Developed a core feature for a web application, involving creating an HTML form, processing data with PHP, and integrating it with an SQL database.
- Collaborated in a team of 3 using GitHub Classroom, employing branching strategies for effective version control and contribution tracking.
- Documented and demonstrated individual contributions through code commits and video presentations focused on implementation and impact.

CORE COMPETENCIES

- Programming Languages:** Java, SQL, Scala, Python, PHP, HTML, CSS
- Software & Tools:** Git, GitHub, Eclipse, VS Code, Google Admin Console
- Systems & IT Support:** Windows, MS Office 365, POS Troubleshooting, VPN, Remote Desktop Tools, Inventory Tracking
- Data Analysis & Visualization:** Microsoft Excel, Google Sheets, Microsoft PowerPoint, Canva

INTERPERSONAL SKILLS

- Responsible and reliable
- Patience and empathy
- Self-managed with a proactive mindset
- Quick learner and curious about systems
- Storyteller & Smooth Talker
- Friendly and approachable

INTERESTS

- AI and machine learning Learning new IT tools and frameworks
Watching anime & analysing fight scenes Solving tech problems for friends and family

LANGUAGES

- Bangla(Mother tongue)
English(Fluent)
Danish(Actively learning:2.2)
Hindi(only speak)
Arabic(Oly read)

WORK EXPERIENCE

Coding Club, Niels Brock Copenhagen

SEPTEMBER 2024 - PRESENT

Member & Programming Collaborator

- Debugged and optimized Java and Python scripts in a team of 10+, implementing solutions that improved project runtime efficiency by 25%.
- Configured shared development environments using Git and VPN tools, ensuring secure and consistent access for all team members.
- Mentored 5+ members on systematic debugging techniques, reducing overall project blockages and delays by an estimated 30%.

Café Fikret, Copenhagen

AUGUST 2024 - PRESENT

Barista & Service Staff

- Manage full customer service cycle: taking precise orders, preparing a variety of drinks, and serving food in a high-paced environment.
- Process an average of 100+ transactions weekly with a high degree of accuracy at the point-of-sale (POS) system.
- Ensure a positive guest experience by resolving inquiries promptly and maintaining a clean, organized service area.

Coop 365 Discount, Søborg

FEBRUARY 2025 - AUGUST 2025

Store Assistant

- Troubleshoot and resolve 10+ daily technical issues, including POS system errors and Wi-Fi connectivity for customers and staff.
- Provide efficient customer service, assisting 50+ daily customers with purchases and inquiries.
- Accurately process 100+ weekly transactions at the cash register.
- Collaborate effectively within a team of 10 to support daily store operations and inventory management.
